

**OFFICE OF THE ENGINEER-IN-CHIEF:  
P.W.D.:M:P:SATPURA BHAWAN::BHOPAL:462004:**

Memo No. Circular/sanchar-05/

Bhopal, dtd. 13/07/2005

To,

All Executive Engineer,  
Public Works Department,  
Madhya Pradesh

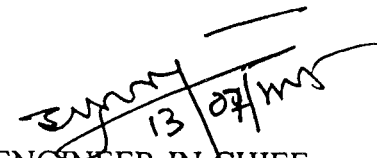

SUB:- Maintenance of Roads in Madhya Pradesh.

Manual for Maintenance of Roads has been published by Indian Road Congress (I.R.C.) on behalf of Ministry Of Shipping & Transport, New Delhi in the year 1983 and is a Guide Book for Maintenance of Roads everywhere. The manual elaborates the detail maintenance operations required from time to time through out the year and is being carried out by the field engineers of this department since then. However it is noticed that during last few years the field staff is neglecting the maintenance aspects of roads, due to which the roads are not in good condition.

It is hereby again instructed to carry out the ordinary maintenance operations of the roads of your division as per manual. Timely action must be taken as mentioned in the manual, so that the roads remain in good condition through out the year.

The I.R.C. has reprinted the above manual in March 2002 and the copies of the manual are available with I.R.C. office New Delhi on payment. Every division/ Sub division should purchase the above manual and follow it for maintenance of roads in their jurisdiction.

Encl: Nil.
